OPTIONAL TOURS

MASSADA AND DEAD SEA

Price: **\$80**

Depart via the Judean hills to the Dead Sea, the lowest place on earth. Visiting the "Ahava" Dead Sea Cosmetics factory. Drive along the shores of the Dead Sea to Massada. There you will learn about the heroic story of the Jewish fighters. Ascend by cable car and tour the mountain fortress built by King Herod, where the Zealots made their last stand against the Romans. Visit the remains of the walls, palaces, synagogue, water cisterns, mosaic floors and roman baths. Descend by cable car. Continue to the Dead Sea. Enjoy the unique opportunity to swim and float in the Dead Sea, that many believe has its therapeutic effects. On the way back, view the Qumeran caves, where the Dead Sea Scrolls were found.

HEBRON

Price: **\$47**

Depart Jerusalem for the Cave of the Machpelah in Hebron which is one of the holiest places in the Land of Israel. It is the burial place that Abraham purchased for his family after Sarah died (Genesis 23:8-17). Later, Isaac and Ishmael buried Abraham there. (Genesis: 25.9) Subsequently, it became the final resting place for all the patriarchs and matriarchs, except Rachel, who died near Bethlehem. The building over the tomb is truly amazing in its dimensions, complexity and antiquity. Huge walls built by Herod the Great 2,000 years ago surround it, while the interior is a combination of medieval architecture, Arabesque décor from later centuries, and synagogues founded after the reestablishment of the Jewish community here following the 1967 Six Day War. In one corner of the largest hall, with its house-like tomb markers for Isaac and Rebecca, a cupola stands over a small opening into the actual Cave of Machpelah. Another smaller room

contains the tombs of Abraham and Sarah, and across an open courtyard are those of Jacob and Leah.

THE NEGEV DESERT

Price: **\$98**

We invite you to an unforgettable experience in the greenhouses of the Habsor region in the northern Negev to see the living testimony of God's miraculous power to grow plants in the desert. The tour is planned and guided by the agronomist Uri Alon (a specialist in international agriculture). Uri is assisted by team of professional guides, who are fluent in several languages and adept at working with differing age groups. Drive from Jerusalem via Beersheba to Moshav Talmei Yosef for the Salad Trail Experience. You will observe the most up to date agricultural technologies- the "high tech" of agriculture. At every stop of the tour you will receive an explanation followed by you actually picking and eating your fruit right away!

On the tour you will encounter a wide variety of seasonal fruits and vegetables:

The Tomato Greenhouse: How come the tomatoes grow upwards? Why are there enormous bees here? You will pick and eat colorful tomatoes and small peppers and tasty cucumbers.

The Greenhouse of flying strawberries: Why do they grow in the air? Who are the strawberries' bio-engineered friends? You will learn about the water, the special soil used and, of course, taste the fruit.

The Orchard of Chinese Oranges: Did you know that all of the orchards from the Sharon area were moved to the Negev? You will make Hawaiian style necklaces from Chinese oranges!

Racing of homing pigeons: Once these pigeons were the e-mail of the ancient world. Which is the fastest bird? You will send your messages and wishes on the legs of our homing pigeons.

The Herbal Greenhouse of fresh medical herbs: Green medicinal herbs that are not only for eating – you will touch and smell and learn about their essential oils.

"Pitot on the Saj": We will bake pitot with zaatar and olive oil. (A saj is a Bedouin oven covered by mud). You will explore a genuine maze from passion fruit while picking and eating on your way!

The Field of Carrots: You will learn the history of the carrot and then find and collect orange, white, yellow and purple carrots.

There might be changes due to the agricultural season. The tour lasts 2-3.5 hours. The tour is suited to all ages and all the yearly seasons.
